

# RIDER NOTICE

February 17, 2010

## ROUTES 23, 26, 27, 90, 91, and RTD-Bart Commuter

**EFFECTIVE**

**Monday, February 22, 2010**

**(continuing for approximately five weeks)**

On Monday, February 22, 2010, RTD will begin construction to improve the passenger boarding area on Channel Street at the DTC. Thank you for your patience during construction. When the project is complete, RTD customers will enjoy a more comfortable and attractive boarding area with new bus benches, added seating from seatwall planter boxes, and landscaping to provide shade and beauty.

During construction, eastbound Channel between Sutter and California will be closed and **Routes 23, 26, 27, 90, and 91** will move to the north side of Channel (across the street from their regular boarding location); **RTD-Bart Commuter** will board and deboard customers on the southwest corner of Sutter Street.

Please see the signs posted at the Downtown Transit Center and use the crosswalks available on Sutter and California Streets to reach your temporary boarding location.

This project is made possible by The American Recovery and Reinvestment Act, Your Money at Work.
